milestone

XProtect®
Cloud Connector v1.2

Available, February 2025

milestone

These release notes cover the following XProtect® products and clients:

XProtect® Cloud Connector v 1.2 (build 25.1.10092.1)

Changes compared to XProtect Cloud Connector v.1.1

- Fixed issue with Cloud Connector authentication to AWS (XRM) due to time zones differences.
- Implemented possibility to edit "MS address" field during Cloud Connector (make possible entering of different port number).
- Improved overall Cloud Connector stability (auto reconnect issue).
- Improvements and optimizations in Cloud Connector installer.

XProtect Cloud Connector Updater has been released

Cloud Connector Updater is a tool for installing the latest XProtect Cloud Connector updates without need of uninstalling existing Cloud Connector installation.

Downloads and documentation

The XProtect Cloud Connector administrator manual is all available for download from Milestone's website.
